#199 MESSAGE FROM JUNE 30, 2025 JESUS CHRIST "EMP IN THE WILD WEST"

Jesus appears to the prayer group. He is wearing a white robe and conveys signs of His affection and presence to the visionary.

Through inner images, Jesus imparts information to the visionary Melanie. A mushroom cloud, a massive explosion, and in front of it, a donkey in an enclosure. The donkey represents Iran. This scene repeats two to three times.

Then the bald eagle (USA) appears. It holds a snake in its claws and fights with it in flight. It tears it apart. It is unclear which country the snake represents. The aggressive battle cry of the eagle can be heard repeatedly.

The image now shifts to another location. In the foreground is a cactus. A tumbleweed is blown through the scene by the wind, and one of those typical whistled melodies known from Western films plays (*notes: g,c, g, es, f,c*).

The visionary interprets all this as a reference to the region of the USA formerly known as the Wild West. This area is attacked with a kind of explosion that feels strange and involves fire but does not have the structure of an atomic bomb.

The visionary hears the word "EMP." She sees herself standing on a map and sees a section of a very large circle.

Although it is not a classic atomic bomb, the weapon still feels atomic in nature. This EMP attack on American soil in the area of the former Wild West is not shown to the visionary for the first time.

Jesus says: **"Soon! The Americans must be warned."** Jesus asks the visionary to make a new attempt to warn the Governor of Texas once again. He must take the warning seriously. (In two earlier visions, she saw how the letters she had sent to Texas had ended up in the trash.)

Melanie sees the flight of the bald eagle. It is unsuspecting and not expecting this attack. Jesus tells her that if necessary, she must fly there in person to warn the Governor, should he continue to ignore the written warnings.

Melanie: *"That's on the other side of the world, Jesus. I have to go to the Governor in Texas? He would never give me an appointment!"*

Jesus: *"I said I will send you. Will you follow My call when you are sent?"*

Melanie: *"Yes, as best I can, yes."*

Jesus: *"Pass on My words."*

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

#198 MESSAGE FROM JUNE 24, 2025

JESUS CHRIST “A NEW ERA BEGINS”

Jesus appears to the seer Melanie and, in today's vision, leads her to a small town in the Middle East. Jesus walks in a white robe along sandy paths, past small white houses and clay walls.

Suddenly, a helicopter becomes visible above the town. A ladder drops from the helicopter, and soldiers climb down it.

The soldiers' equipment (weapons, helmets) resembles that of a special police unit; however, in the vision, it is a military force.

It is a large group of soldiers. They move stealthily through the area. This sight deeply frightens the seer and causes her to weep so intensely that she has to pause the recording of the vision.

The special unit appears to be engaged in some kind of destruction. They move about and secure the area, carefully observing their surroundings as they advance.

The golden dome of a mosque comes into view. The mosque's façade is made of turquoise-blue and elaborately decorated tiles with beautiful patterns. In the vision, a large projectile is seen flying in a high arc toward the mosque – the seer understands this as a symbol of a missile attack. Suddenly, a bald eagle appears in the vision – a symbol of the USA. It holds a long-shaped projectile in its claws. This projectile resembles the shape of pistol ammunition but in oversized proportions. Its size is about that of the bald eagle itself.

The bird of prey hovers in place, preparing to drop the projectile at the right moment.

Then, a fiery explosion breaks through the roof of the mosque, and the ornate house of worship is destroyed.

This sight makes the seer very sad, for she senses that devastating events will follow this attack, events that cannot be stopped.

Like a snowball that grows larger and larger until it becomes an unstoppable avalanche that buries everything in its path.

This attack on the mosque is a pivotal moment, and from this point on, the history of the world will be rewritten.

The consequences are unimaginable. A new era is being ushered in, as Jesus lets her understand.

This event will trigger the rise of the Antichrist and pave the way for his appearance in the world. Everyone will be talking about him.

At that time, he will be praised for his diplomatic skill. He will be extensively promoted and made publicly known. As a result, “the cards will be reshuffled.”

Jesus prepares the seer for an upcoming mission that involves establishing contact with U.S. President Trump. She receives detailed instructions regarding this.

This is where the apparition ends.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

#197 MESSAGE FROM JUNE 23, 2025

THE BLESSED VIRGIN MARY “URGENT WARNING FOR IRAN”

+++ CALL TO PRAYER // POSSIBILITY OF MITIGATION +++

The Mother of God appears to the visionary Melanie and begins to show her a vision relating to the Middle East and Iran.

The Blessed Mother presents disturbing images, but explains that these terrible events can be mitigated or even partially averted through prayer.

At first, missiles are seen trailing a bright streak of light through the sky during their long flight.

The impacts result in explosions.

Among the bombardments and blasts, one stands out in particular, producing a fiery cloud of smoke.

Cities and villages are bombarded from the air, and as a result, a wide section of the country is engulfed in flames. It appears almost as if the sky itself is burning. A massive explosion lights up everything like a bright flash and creates a powerful shockwave.

The bright, lightning-like light has a deeply unsettling effect.

A building embedded in the ground is visible, and the visionary hears the word "stealth bomber."

From a bird's-eye view, she flies over the entire country. Except for a few small areas, the whole land is in flames, suffering from widespread attacks and massive destruction.

The Iranian head of state stands symbolically in front of the country, and suddenly, a bald eagle—symbolic of the USA—dives down upon him. The Iranian leader calls out to his allies, but no response comes. The sequence ends with a massive explosion and the emergence of a huge nuclear mushroom cloud.

The image changes: A long line of the dead lies in repose. Red roses with black ribbons are placed on their chests as a farewell.

Now the Blessed Virgin Mary appears in the scene herself and places down roses. Her head is covered with a blue veil, and in her hands she holds a long rosary, which she holds out to be received. Through these intense images, she conveys to the visionary the message that she is asking **the world to pray. She wants to lessen the suffering. She indicates that she wants to prevent the great nuclear explosion, and that she would gladly do this for humanity.**

She calls on all people to pray.

She gives a dire warning: the horror that awaits humanity cannot be put into words.

It is an urgent appeal to pray and to fast.

The visionary feels the deep sorrow of the Blessed Mother. Mary weeps for her children, upon whom suffering threatens to fall.

She hands the visionary a red rose with a black ribbon – a sign of mourning for the funerals and losses that would come.

Mary expresses that she does not want to hand out all these roses.

Though she says she will care for the souls of the deceased, she wants to spare the people and the entire country from such suffering.

Mary says that the nuclear catastrophe can still be averted. But to achieve this, the prayers and fasting of the people are necessary.

The visionary hears the name of the city of Isfahan in Iran. She sees a rolling tank, a headquarters, and a long-range missile with tremendous power.

A place in the Middle Eastern desert comes into view, with small whitewashed houses, surrounded by high mountains and a white city wall. The visionary hears the word "B-2 bomber."

In the next sequence, Muslim prayers are heard, along with the call of a muezzin.

A sandy road leads behind the small houses to a mosque. In a kind of time-lapse, a missile hovers above the mosque and strikes it. Over the missile, the bald eagle (symbol of the USA) hovers.

At the end, Mary makes a heartfelt plea:

“Stop. End the warmongering. You cannot foresee the consequences. Return to the loving heart of my Son.”

Mary addresses the heads of state who are warring, as well as the affected peoples, saying:

“Stop and turn back!”

Here the vision ends.

#196 MESSAGE FROM JUNE 16, 2025

THE BLESSED VIRGIN MARY “PRAYER STORM FOR THE MIDDLE EAST”

The Blessed Mother Mary appears to the seer Melanie. Mary wears a royal matte blue mantle over a white dress. In her hands she holds roses, and in one hand she carries a long rosary, whose beads slowly glide through her fingers – a striking image meant to remind the seer of the passing of time.

It also signifies that too few people are praying. The Blessed Mother makes it clear that she needs more prayers in order to act for humanity.

Mary speaks with a serious voice: The global situation will escalate dramatically.

The current escalation between Israel and Iran will spiral completely out of control.

The seer receives a vision: she sees tanks in a desert landscape in the Middle East. A missile-like projectile rises into the dark night sky, glows brightly, and follows an elliptical path. It then strikes the ground and explodes. A massive cloud of smoke forms, sand is hurled into the air.

Mary speaks emphatically: **“Third World War!”**

In another vision, the seer sees a tank firing in a dry, rocky, and sandy landscape. The surroundings are bathed in terracotta tones.

Mary is deeply concerned and urgently asks for prayers. Her rosaries are used up – meaning that too few people are praying the rosary for what she wishes to do for us.

Mary calls for a storm of prayer.

She wants to stand protectively before the escalating events and thereby mitigate the suffering. In order to weaken the effects of the war, she asks humanity to increase their prayers.

Mary emphasizes: she can always do something, always intervene to mitigate – if she is asked. She needs prayer warriors, she says.

Mary specifically calls on prayer groups to intensify their efforts.

She urges humanity: **“I ask more people to pray the Rosary to soften the severity of the Third World War.”**

She asks that throughout the day, simple decades of the Hail Mary be prayed.

Additionally, she requests penance and fasting – twice a week only bread and water.

Those who, for health reasons, cannot fast with bread are asked to make another tangible sacrifice instead – for a period of three weeks (June 17 – July 7, 2025). It should be an offering that involves a noticeable personal effort.

Mary issues an urgent warning:

She wants to help us – and she can help.

But she makes it unmistakably clear that a full escalation in the Middle East is imminent – a catastrophe whose extent we can hardly imagine.

The seer repeatedly thinks of the powder keg shown to her in visions – a highly explosive scenario that could ignite with the slightest spark and consume everything.

In a solemn tone, she says:

“Time is of the essence.”

Mary gives a new prayer assignment:

The prayer group is to pray four full rosaries daily for a period of three weeks.

She expresses her heartfelt thanks to all who participate. Her gratitude is deeply felt.

She emphasizes how important this spiritual effort is – and that she loves us all deeply.

In a loving gesture, it is as if she gently kisses each individual in the group on the forehead, holding their face in her hands. This gesture symbolizes intimacy and closeness. She is near to us – and we are dear to her.

Mary invites us to ask for her help at any time.

Her love for us is boundless.

The seer senses Mary’s quiet, dignified grace.

At the end, Mary hands the seer a red rose and says farewell.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen

#195 MESSAGE FROM JUNE 6, 2025 JESUS CHRIST “I ACCOMPANY EVERY STEP OF THE WAY”

+++ PRACTICING SURRENDER / JESUS ASSURES HIS CONSTANT ACCOMPANIMENT / TESTIMONY / WAR IN GERMANY +++

Jesus first appears to the visionary Melanie for a personal conversation. He asks her to share His words with the public as well.

“I will accompany you every step of the way. Everything is arranged. Everything is guided; everything is as it should be.

Just think of Me when you are afraid. I will make sure you have everything you need at all times. I don't want you to worry.

Please don't trouble yourself. Hand over your worrisome thoughts and fears to Me. All the worries, all the fears—you may leave them to Me. I will show you what is to come so that you can prepare yourself [because it will get a bit restless for you].

You may gladly share this with others as well, also regarding war and food shortages and all the major global changes that lie ahead. I am with you every single step of the way.”

Jesus encourages discussing the concept of complete surrender to Him within the prayer group, as some members have already made progress worth sharing with others—experiences of help, healing, and protection. He explains that group members can strengthen one another in this, and the effect will grow stronger over time.

“You only need to look to Me,” He says. Everyone has their own way of connecting to Him, and He especially recommends looking into His face, into His eyes. This can be practiced, He says. ***“You only have to ask at the moment, and it will be given to you.”***

Let go of every worry, every fear, every negative thought—everything that overwhelms. He says He is only waiting to be asked by people so He can help them.

Jesus asks me to share my personal experience from the previous day, when I had severe back pain. I was lying in bed and thought: ***“Jesus, can You please take this away? I can't go on.”*** Within seconds, the pain noticeably subsided until it was almost gone.

Jesus had removed the pain.

Sometimes, though, I forget to ask Him, and then He asks me: ***“Do you need help? Shall I help you?”***

I say yes, and I feel His help every time. He has never let me down, no matter what I need. I ask Jesus, and He helps me.

Jesus returns to the topic of war. He says:

“When war comes to Germany, I will take care of you as well. You need not be afraid. I will help anyone who asks Me for help.

That has always been the case and it will not change, especially in times of distress. I will open paths, I will find ways to help you and provide for you.”

And even if it means that people multiply bread through Him. He says this will happen. There will be multiplications of bread, and there will be more people who will be able to see Him. Jesus says He will appear visibly, and people who previously could not see Him will now be able to. They will feel more peace, and through that, people will be calmed.

As a farewell, Jesus says:

“I will never abandon you. Remain in trust. Trust that you are protected and provided for. Trust that this time will also pass, for nothing lasts forever. Go in peace, My children.”

In the name of the Father, and of the Son, and of the Holy Spirit. Thanks be to Jesus Christ forever. Amen.

#194 MESSAGE FROM JUNE 4, 2025 DREAM REPORT OF VISIONARY MELANIE "SUDDEN INVASION BY THE RUSSIANS"

I found myself in a German city unfamiliar to me, and suddenly I saw tanks arriving in the city center. They were Russian tanks. War with Russia had broken out, and all of a sudden, the Russian military was in Germany.

However, they behaved rather calmly. I expected attacks and activity from the soldiers, but that did not happen.

The Russians did not proceed quickly or aggressively.

There was no way to prepare for this invasion — one could only flee.

#193 MESSAGE FROM MAY 1, 2025

“MY CHILDREN ARE PLACING THEIR TRUST IN THE WRONG LEADERS”

+++ PROPHETIC WARNINGS / THE NEW POPE / REFUGEES AS PROTECTION FROM THE ANTICHRIST / UFOS / SIMULTANEOUS WARS / CREDO +++

The Blessed Virgin Mary appears to the seer Melanie.

Mary appears beautifully in the sky. Her heart is large and glowing red, radiating majesty and gentleness.

The New Pope

Mary shares information with the seer about the one who will newly occupy the position of Pope. She warns that he is *not* working for the "right side." One cannot and should not trust him, even though it will seem as if he can be trusted.

Therefore, it is doubtful whether one should continue to look to the head of the Catholic Church for guidance.

The new Pope will not be a friend of humanity, but will cleverly hide this. He will introduce innovations that are not beneficial.

Antichrist & Shelters for Refugees

The Blessed Mother says:

“My children are being led astray. My children do not recognize the wolf. My children place their trust in the wrong leader. My children are being drawn into a reign of terror.”

She seems to refer to the Antichrist by using the term “wolf.”

The seer has an inner vision of the Antichrist: He will bring evil with charming words and even death. The masses will fall under his spell. Some people will manage to find safety from him. There will be refuges—settlements, farms, homesteads, and/or land—where people live self-sufficiently, keep animals, and grow vegetables.

People will gather there who are not willing to submit to the Antichrist's will and who will create these refuges for others.

Such communities will exist in many places, offering shelter.

These refugees will be led by souls firmly rooted in their faith—people who understand the critical importance of a connection to God and maintaining it. Without this connection, one will not survive this time, Mary warns.

These individuals will have strength of will, strength of character, and will not be deterred or intimidated.

Almost stoically, they will hold onto prayer and shine their light like a great torch, helping others around them find their own inner light. This will bring comfort to those who are sad, disillusioned, and in despair—those who may have lost or left behind their homes, possessions, loved ones, or children.

Such people will have gone through traumatic experiences in order to reach safety. They may even have to leave their homeland.

“UFOs”

Mary shows the seer inner visions of a dark UFO with small lights hovering over a building. The UFO has angular protrusions and gives off a threatening, unpleasant energy. Then, another UFO appears—then many more. Their numbers increase.

Mary warns: the time is drawing near.

The people in the vision are terrified, running and screaming like in a movie. The seer feels weak in the knees and covered in goosebumps.

Repeatedly, as in other visions, one of the beings steps out of the UFO. It looks repulsive. Their goal is to terrorize humanity. A state of panic will be triggered.

The appearances of these flying objects often involve New York (USA) and El Salvador (Puerto Rico).

Mary comes a bit closer and shows military troops mobilizing. Like scenes from a film, air force soldiers attack with jets. But it seems almost laughable compared to the enemy's superiority. The jets are shot down, and soldiers die.

Skyscrapers appear again and again. One is destroyed by a large laser beam.

Mary makes it clear: This is a warning. It is part of a grand deception. Humanity is to be misled and made compliant through fear.

These “beings” (for lack of a better word) will position themselves around the world. Fear will be used to manipulate people and push them in a desired direction.

The Blessed Mother weeps. These events will have a deep effect on the souls of people. She weeps for the spiritual state of mankind.

Mary recommends prayer—especially the Rosary—to strengthen one's inner light and connection to God.

She warns that this invasion will not be the only source of danger. Many fearful events will happen simultaneously, including war.

Much will be orchestrated at the same time to intensify pressure on humanity. People will no longer know which way is up.

The only way not to lose one's mind and scatter oneself in the chaos is to have a very close connection to God.

Credo

Mary prepares people for the time when large movements of people will take place, fleeing from one place to another to find safety.

(Note: This likely refers to the time of the Antichrist.)

People will lose their homeland, and it will be extremely important to maintain a deep relationship with God to clearly recognize where safety and truth lie.

It will be essential to be able to answer these questions for oneself. Without an “inner compass,” people will look for help and answers externally. But no true help will come from outside.

The answers that come from outside are not there to help.

Only the “connection to above”—to God—will provide the right guidance.

Each person will receive their individual guidance about what is important, good, and helpful for their life.

#192 MESSAGE FROM APRIL 18, 2025, GOOD FRIDAY THE BLESSED VIRGIN MARY "DECEPTIVE SECURITY"

On Good Friday, the Blessed Virgin Mary appears to the seer Melanie.
The vision begins with urgent words:

"War. War is approaching. War is approaching, my child."

Mary urges the seer to warn her brothers and sisters about the escalating war in Yemen. She cautions that many are resting in deceptive security - a dangerous delusion. The war in Yemen is a powder keg.

"Prepare yourselves, my children," Mary warns. "The storm will soon break. Very soon."

During the apparition, Melanie looks out of the window. She sees Mary in an impressive, majestic form: her feet touch the earth, her head reaches into the clouds. Around her rages a powerful storm—lightning flashes across the sky, a massive whirlwind forms behind her.

Mary speaks:

"Soon nothing will be as it was."

Pray. Pray, my children."

Follow the order."

She confirms to Melanie and the prayer group that she is pleased with their current prayer sequence of one and a half hours. She asks them to continue praying in this way.

Mary thanks the prayer group—all people of pure heart. All who think generously and are willing to sacrifice their time and energy. She encourages them not to give up, to entrust all their worries to her—whether concerning children, spouses, financial distress, or other life challenges.

"Ask me unceasingly for help," Mary says. "Just as I care for peace in the world, I care for each and every one who turns to me in trust. I overlook no one."

In conclusion, Mary bids farewell in the name of the Father, the Son, and the Holy Spirit.
Amen.

#191 MESSAGE FROM APRIL 10, 2025

THE BLESSED VIRGIN MARY "ROSES FOR THE DEAD IN IRAN"

During the evening prayers, the Blessed Virgin appears to the seer Melanie and reveals inner images to her. She shows her a vast country, in the foreground of which stretches a desert-like landscape. The area appears very dry, with little greenery to be seen—sand and rocks dominate instead.

Suddenly, an explosion once again appears before the seer's inner eye. It could be a scene in Iran. Paratroopers appear and use blowpipes—a symbol the seer interprets as a sign of poison, likely chemical weapons. During the vision, the seer briefly feels their effects on her own body: her airways are irritated, she begins to cough, and feels like she is suffocating.

In this distressing situation, Mary places her hands around Melanie's face and touches her forehead to Melanie's - a tender gesture expressing deep trust and a close bond between them, allowing Melanie to feel her presence.

Then the massive explosion appears again: a blinding flash, followed by a shockwave, spreads explosively in all directions like a layer of smoke. Mary explains that this massive detonation (i.e., the attack) represents a real threat. An aircraft—presumably a military one—drops a bomb. The pilot is visible in profile in the cockpit, as is part of the aircraft, which appears larger than a typical jet. It is evidently not a standard fighter plane.

After this, Mary begins to layer hundreds of roses in delicate shades of pink, orange, and white on top of each other. This forms an enormous mound of roses, almost resembling a wall. Finally, she hands Melanie a white rose with a black ribbon—a sign for the dead. The roses are laid down in memory of the victims of this event, should it occur as Mary warned. In the background, tanks drive diagonally across the scene, from the top left to the bottom right.

This is where the vision ends.

#190.1 MESSAGE FROM FEBRUARY 20, 2025

"WOMEN STAND UP FOR PEACE"

The visionary Sandra dreamt a call to all women in the night from 20 to 21 February.

First she dreamt that she had missed the train with other people.

On behalf of the Blessed Mother, she saw her own mother, who told her not to worry or worry because she had everything under control.

In the next part of the dream, people gathered together, people with disabilities, people of all kinds. They stood up together, marching for peace.

Then she saw two houses next to each other. The house on the left was labelled FEM in large golden illuminated letters and the one on the right MES, meaning FEMMES - 'women' in French.

On a staircase behind the two houses, women and mothers of different cultures, origins, religions and political views met to sing, meditate and pray together for peace. They were inconspicuous, a little hidden, but with a common purpose in unity.

They stood up and met in small groups to stand up for life, for the protection of life and for peace.

This was a heavenly call, also to the women and mothers in France.

#190 MESSAGE FROM APRIL 5, 2025

THE BLESSED VIRGIN MARY “FRANCE FACES MASSIVE ATTACKS – MARY ASKS FOR PRAYERS TO SOFTEN THE IMPACT”

The Blessed Mother Mary appears to the seer Melanie.

She stands in radiant white, wrapped in a white veil. Her robe is decorated at the collar with blue and trimmed in gold. Her face appears solemn, deeply sorrowful – tears run down her cheeks.

Mary shows the seer a person hurrying through narrow, old alleys – as if trying to reach safety.

The seer senses an earthquake and thinks of Rome. Jets fly over the city, leaving trails of white and blue smoke.

The Blessed Mother delivers a serious warning to the Italian people:

A food shortage will occur. She once again calls on people to store provisions. The seer hears the word “hunger.”

In the next image, ships carrying food supplies are attacked in Italian ports. Ships are also attacked off the Italian coast. The seer thinks of Palermo and also Nice in France.

Mary stands before the sky. An endless stream of jets flies overhead – all belonging to a single nation.

The seer now hears a pressing warning for France. A planned operation will lead to massive bloodshed there. She hears the name “B2 bomber,” though its meaning is unclear to her. An inner image of the map of France appears before her. A large knife is stuck in the center of it. The entire map is covered with daggers as if someone had stabbed every inch. Streams of blood run from the map. The seer interprets this image as a sign of very severe attacks on France. Two regions appear especially affected: the central south and the northeast of the country – where the war intensifies most. She even perceives a warning about the use of chemical weapons. This is an appeal to the French president to refrain from further warmongering.

The image changes, and the city of Istanbul becomes visible along with a mosque with four tall minarets. Military troops are marching in.

Mary asks for the Rosary to be prayed.

She pleads with the people to pray in order to soften the consequences of the war.

She asks them to dedicate themselves wholeheartedly to the prayer for peace.

She offers to take on the worries about war. She will work for peace in her own way.

People are encouraged to entrust her with the peace of the world.

The apparition ends here.

#189 MESSAGE FROM APRIL 4, 2025 JESUS CHRIST "THE USA MUST PAUSE"

+++ URGENT WARNING TO THE USA / IRAN FORMS ALLIANCE WITH RUSSIA / WAR IN ITALY +++

Jesus Christ appears to the seer Melanie and initially shows her a vision, a kind of sequence of events:

Military aircraft appear in the clouds; several planes fly one after the other at equal distances, dropping bombs in a steady rhythm from their cargo bays. Then the seer looks down from above at what seems like a meteorological map where a storm is forming over the sea. It's a somewhat disturbing sight. The storm resembles a tornado on the ocean. Warships from opposing sides appear on the sea. The vision shifts to a vast land with a wide view – this is Iran. In the distance, a large explosion takes place. This sequence repeats several times. A huge cloud forms from which fire bursts out accompanied by an extremely bright light – almost like a massive flash of lightning.

The sense arises that Iran will not silently accept this attack. Instead, Iran will call upon its allies including Russia. The attack is connected to the country's natural resources (oil).

The USA is interested in these and wants to take control of them. Iran's alliance with Russia will have severe consequences due to the American assault. It feels as though World War III is at the doorstep. The consequences will be so devastating that one won't know where to look because war will be raging all over the world.

The image shifts to an angry pilot sitting in a fighter jet. It abruptly changes to a military helicopter landing on a flat concrete surface. A rope ladder drops down and a large number of American soldiers quickly exit the helicopter. Their commanding officer urges them on. There is a sense of urgency. The soldiers head toward a specific building which suddenly explodes.

Again, the vision of warships on the sea appears. A dolphin jumps out of the water, symbolizing an imminent battle in American waters.

Suddenly, a bulky bomb becomes visible, falling from the sky into the sea. It is unclear in which region the bomb strikes.

Warning to the USA

In the next part of the vision, a military base becomes visible. American soldiers are moving around on their base. A jet is rolled out of a hangar causing the seer to get goosebumps.

Several fighter pilots prepare for battle. The sight gives the seer a deep sense of unease.

It is a warning to the USA. The USA feels overconfident, but this war decision will bring destruction. Wherever the USA intervenes, it will fuel conflicts. A dreadful feeling overcomes the seer.

This is the very last warning to the USA to refrain from interference. Otherwise, more flashpoints will emerge, says Jesus, with serious consequences. Jesus issues a final urgent warning to America to reconsider its war decisions.

Briefly, the image changes to a sky full of jets, all flying in the same direction. There's something threatening about it.

Suddenly, a large military plane becomes visible, seen from below as it flies over the sea. On the underside of its wings are many different flags, all lined up in a rectangle. These are flags from various countries, all forming an alliance in war. This military aircraft flies toward New York.

A wall of sand becomes visible. Again, Jesus warns - if the USA does not stay out of the conflict in the Middle East, a large coalition of various countries will launch an attack on the USA bringing serious consequences for America. This is the last admonition for the USA to stay out, says Jesus.

War in Italy

The vision changes for the final time showing the city of Rome. At the Trevi Fountain stands the Mother of God. Enemy soldiers march through the city. War has broken out in Italy. The situation is very tense. People are afraid to go outside because Rome is being bombed. A plane flies over Rome and drops a bomb. Italy is under air attack. In addition, something will come over the Alps into Italy.

There is a sense that certain safe places will exist. The blue cross, already mentioned in a previous message, appears again. Mary refers to it once more. **At the blue cross, people should gather to be led to safety when the air strikes on Rome begin.**

Mary will guide people through the city on quiet paths. People should trust that the seer—whose name has been dragged through the mud—will help them during the war, regardless of how the Church judges her. Mary wants to ensure the safety of the population.

The apparition ends here.

#188 Message from April 3, 2025

Jesus Christ “It Will Begin Soon – Your Help to Lessen It Is Needed”

The visionary’s vision begins with the image of two birds of prey fighting fiercely high up in the sky. They peck at each other, grasp at one another with their talons, and try to throw each other off balance — a sign of intense confrontation.

Next, the seer sees a tornado in the middle of a desert landscape. She identifies it as a “storm over the desert.” The following scenes also take place on sandy ground. Rebel fighters in jeeps move through narrow alleys. Something falls from the sky (a bomb?) — for the rebels, it is a provocation that prompts them to take up arms. The insurgents are armed and prepare for combat.

A familiar image returns — one the seer had already seen during a previous private apparition: The sun in the sky is covered by thick, black clouds, moving rapidly as if in time-lapse. A dense, dark veil pushes in front of the light until the sun is barely visible. It is almost as if the sunlight is completely obscured by black fog. This image fills her with a sense of deep threat. The speed of the moving clouds lets her know that something is imminent.

Suddenly, there is a bright, flashing light — like a nuclear explosion. The intensity of the light is painful, accompanied by a pressure wave. Then fighter jets appear in the sky. A feeling of fear and distress overtakes her — this is serious.

A bald eagle appears, the symbol of the USA, clutching a bulbous bomb with two red stripes — to the seer, this indicates nuclear. Another brilliant flash lights up the sky completely; a mushroom cloud rises. The context is Iran.

Jesus explains that among other things, this is about oil resources, and that the USA plays a central role.

The image of the darkened sun reappears — a reminder that time is running out. She sees a wide, barren, sandy land (still Iran). A convoy of military jeeps moves toward the explosion site.

Jesus warns: the situation is on the brink of escalation. It won’t take much more for it to spread. The next image is of a chessboard — a symbol of strategic maneuvering. A paratrooper floats down from the sky, carrying a blowpipe — for the seer, this symbolizes chemical weapons. Melanie begins to tremble, gripped by a great cold. In her mind’s eye, a wall of sand rises — she feels it involves two locations: America and Iran.

Then Jesus appears — tall and translucent — before the scene. His heart shines brightly. He stretches out His hand and offers help. He makes it clear that He wishes to pour out His mercy over the people and this region, to prevent escalation.

But people are making decisions for the wrong reasons, He explains.
“It will begin soon”, Jesus says.

A shocking scene follows: A wave of fire — a massive inferno, unleashed, burning, and destructive. The seer senses: a third world war is imminent. The conflict in the Middle East threatens to spread globally. The escalation in the Middle East is linked to the third world war — like a powder keg needing only a single spark to ignite. Jesus urges people to prepare. It will not be long. Once war begins, it will spread like wildfire — irreversible.

Yet Jesus also offers hope: To lessen the events, He calls for prayer, fasting, and the offering of personal suffering to Mary, so that she may use it for peace. Peace movements, peace demonstrations, prayer gatherings, singing and praying together — all these can have great impact, He says.

A serious warning follows: There will be food shortages. At that time, people will face dangers from various sources — war, multiple aggressors, and lack of food.

But Jesus comforts: ***“Do not worry about food. For those who believe, it will be possible to multiply bread in My name.”***

There is no special training or ability required for this.

Jesus says that this is easy for Him. He will also perform miracles of healing through people He will send out during the war. There will be people guided by Jesus to certain places to bring healing.

Those who are closely connected to Him and have deep faith will be allowed to perform such miracles. The inner awareness that Jesus is working through them will guide them. The stronger the faith, the easier it will be.

Jesus emphasizes again: We should not worry or begin overthinking (!). He will provide for everything at the right time. He says: ***“I am here, and I will be here, and I will never cease to be here. Let yourselves fall into this trust in Me.”*** This is why it is so important to strengthen trust and faith — so that those chosen for it can deepen their faith further and carry out such tasks.

Jesus says goodbye: ***“Go forth in My peace, My children.”***

In the name of the Father and of the Son and of the Holy Spirit. Amen

#187 MESSAGE FROM MARCH 30, 2025

JESUS CHRIST “THREAT TO ENGLAND AND THE ANTICHRIST IS STEADILY APPROACHING”

+++ KING CHARLES III WITNESSES ATTACK ON ENGLAND / TIME IS RUNNING OUT FOR ENGLAND / THE ANTICHRIST AND THE WARS / A GREAT WAR / TRUMP BRINGS CHAOS / USA IN THE MIDDLE EAST +++

Jesus appears to the visionary Melanie during the group’s prayer meeting and begins to transmit visions and prophetic messages to her.

Attack on England

The King of England can be seen repeatedly. He enters the scene from the left and looks very elegant with his slender figure and fine clothing. His gaze is directed into the distance, where he observes the explosion of a nuclear weapon. A mushroom cloud can be seen, with a stem and rings emanating from it. Filled with fear and distress, King Charles realizes that England is under attack and thus at war. He clutches his heart and collapses inwardly. He could not protect his beloved homeland and must witness the war unfold. This realization is deeply distressing for him. He is overcome by profound sadness.

The image of a beach appears again with dead fish washed ashore – the coast of England. Enemy military aircraft and jets move through English airspace, dropping bombs. One of them falls to the seabed and buries itself there, twisting slightly like a screw as it goes down, generating a large water fountain.

Now a small bomb attached to a parachute appears. A massive detonation follows. This is presented as a warning from Russia.

“The time is drawing near. It’s getting tight,” says Jesus.

Jesus warns: ***“England doesn’t have much time left.”***

This scenario will unfold if England continues to fuel the confrontation with Russia. It is “at the door,” meaning it is imminent.

Jesus warns England urgently to stop, as there will be no good outcome. The consequences would be irreversible and would trigger events that no one truly desires. The warmongering would come at a great cost to both France and England.

Jesus admonishes the English: ***“Stop, My children!”***

The King of England has tears in his eyes. Behind him, Buckingham Palace can be seen, with the British flag fluttering in the wind.

Jesus notes that the King’s son, the heir to the throne, is a member of the Royal Air Force.

The British Prime Minister Keir Starmer can be seen. He is described as a sharp and highly intelligent man. He believes he is making the right decisions regarding Russia. He wants to draw a clear line and does not want to tolerate any provocations from Russia. However, he does not understand the consequences of his actions for England. He assumes Russia is only bluffing and does not expect them to strike with such force. He is unaware of the destruction he could cause.

A massive detonation is seen repeatedly from a bird's-eye view, and the visionary weeps bitterly. The water bursts outward in all directions.

This bomb would undoubtedly be a devastating catastrophe for Europe. The first bomb is seen detonating in the southeast tip of England.

The Antichrist and the War

The visionary's attention is drawn to someone rubbing his hands in light of all these events. Jesus explains that the Antichrist welcomes all of this. The visionary sees him grinning maliciously in the background, literally rubbing his hands in delight. He rejoices in the war, as it plays into his hands. When she looks into the Antichrist's face, his eyes suddenly change. The visionary is given a sense of the man's soul and his black heart. It is felt that he seeks destruction. He indeed embodies the ultimate evil.

The next image shows a bald eagle (symbol of the USA) circling above the Antichrist. Jesus explains that the Antichrist would love to merge all these conflicts into one great war—a world war. He wants the entire world to be engulfed in war. He delights in suffering and destruction.

He strives to bring out the worst in all people—their basest instincts and darkest intentions. He tries to eliminate all purity of heart, kindness, healing, and love. He is the complete opposite of love and life. He does not want the Earth to live in unity and peaceful coexistence but aims to plunge it into global warfare, where everyone is in conflict with everyone else.

Trump Brings Chaos

The U.S. President Donald Trump appears. Jesus reveals that Trump's actions do not contribute to diplomatic peace. His priorities are state interests—economy and finance.

“Make America Great Again.” He is seen walking along the edge of a knife. Jesus explains that Trump is a polarizing figure. On the one hand, many people oppose him for his decisions; on the other hand, he wins hearts for wanting to “bring order,” take new paths, and pursue unconventional thinking. He does things that no one has done before. He brings fresh energy—in his own way. It is felt that he wants the best for America, but at the same time, he risks plunging the country into great chaos. This is the danger of overturning many things and making unconventional decisions. As a result, he makes not only allies—but that is not his intention either.

An image of Elon Musk appears. It feels uneasy—there is concern that Trump could be drawn into Musk's technical ideas. There is a subtle warning contained in this image.

Bald Eagle in the Middle East

In the next image, the bald eagle is seen firing a missile from its feet downward. A wave of fire follows—an inferno, a wall of flames rolling toward the viewer like a flood of fire. In the Middle East, a conflict escalates where America is involved. The visionary sees a wildfire spreading across a map of Gaza, burning everything in its path. The fire moves outward in all directions. The Gaza Strip is shown on fire. The bald eagle flies over the area, pouring oil into the fire—like an accelerant.

Profit from the Gaza Conflict

Meanwhile, the Antichrist stands on the platform of a pillar that rotates upward toward the sky. He shakes hands, smiles, and conducts financial transactions. The war in Gaza turns the platform further upward — it is fuel and a driving force for the Antichrist to rise. Once he reaches the top, the platform locks into place, and a switch is flipped. The Antichrist's eyes suddenly turn poisonous green. This signifies to the seer that his black-magical mental power is being activated. The Antichrist wants to rule over everything, to bring as much suffering and evil as possible, and to destroy and subjugate everything. This dark power and wickedness are not apparent at first — he is not recognized for what he truly is. Only when the Antichrist reaches his final position of power does his black magic become active.

It is comparable to the impression from the movie *The Lord of the Rings*, when the adversary with the fiery eye scans the land, searching for those who do not act according to his will. A vision of the Saudi prince appears. Up until now, he seems almost inconspicuous and has little presence. But this is going to change and become extremely dangerous.

Jesus says: ***“Pray! Pray, pray, pray. Ask for heavenly protection. Purify yourselves as much as possible internally, so that you are not vulnerable to him. He is drawing near.”***

This ends the apparition.

#186 MESSAGE FROM MARCH 25, 2025

THE BLESSED MOTHER OF GOD “ESCALATION IN YEMEN”

Mary, the Mother of God, shows the visionary Melanie various images.

She stands next to her with a very long rosary in her hand and wears very festive clothing. In one hand, she holds a golden sceptre, in the other arm she carries the infant Jesus. She is crowned with a golden crown and wears a floor-length white lace veil like a queen.

Fighter jets appear over and over again in the red evening sky, flying in a V-formation from the horizon toward the visionary. There are so many of them that the entire horizon is covered in jets. It's all about the war. One of the jets drops a kind of bomb.

Mary looks very serious. Individual jets fly past her repeatedly. One can be seen up close.

It has something in the shape of a needle on the front. The sight of this one goes right through your bones.

A very bad and frightening feeling comes over you. Coldness emanates from it. Mary stands with her hands folded in prayer. In her hands she holds the long, delicate rosary.

Two birds, the bald eagle and another bird fight each other in flight. The other bird is pretty, its plumage is light brown with a touch of white and its beak is black at the front. The two birds are fighting vigorously with their claws and beaks in the air.

Mary says: “Yemen.” The visionary thinks about the escalation of the war.

The message is to be understood as an urgent reminder or warning. Something very serious is coming our way. It is already at our doorstep..

Once again, Mary shows the red evening sky and the carpet of jets. Something can also be seen on the ground. It looks as if (military) vehicles and armies are gathering there and getting ready.

The situation is very serious. It is not clear whether these are fighters from one or more countries.

But it is as if various vehicles and people are gathering at one point on the horizon.

They belong to the jets and they are all moving in the same direction.

The images cut right through your bones. The coldness and warning they convey are hard to describe, but they convey goosebumps.

This is where the apparition ends.

#185 MESSAGE FROM MARCH 23, 2025

THE BLESSED VIRGIN MARY “NEW PRAYER ASSIGNMENT FOR PEACE IN YEMEN AND IRAN”

The visionary Melanie sees the Blessed Mother against the red evening sky. Jets fly behind her - an intense warning of war. A cautionary and urgent feeling arises at this sight. Mary's gaze is very serious. More jets fly behind her At a rapid pace. The jets literally shoot past.

Mary shows the visionary a tank and soldiers carrying long-barrelled firearms. They resemble sniper weapons.

The image changes to a massive explosion. A building on sandy ground explodes causing the visionary to jump. The powerful detonation creates a special cloud from which plumes of smoke emerge. Our Lady is holding a rosary in her hand as if she were praying. She prays very quickly, as her fingers move rapidly over the beads.

Her heart is heavy.

Mary asks the people to do penance and make sacrifices. In this remaining period of Lent people should fast with bread and water for ten days and abstain from sexual activity on special fasting days and observe periods of silence for those who are familiar with it. The Blessed Mother asks that people practice even greater abstinence as the war situation will intensify. To emphasize the urgency, the visionary receives a vision of fleets of jets arranged in a V- formation. However, this “V” in this vision consists of considerably more jets and is also significantly larger than in previous visions.

The vision changes and shows a donkey in an enclosure with an orange-brown sandy ground. For the visionary, the donkey means that it is about Iran. All of a sudden, the donkey falls over dead. The words “World War III” flashes into the visionary's head. A small village becomes visible. Suddenly, the bald eagle (the symbol of America) appears out of nowhere and transforms into a fire-breathing dragon. A wave of fire spreads through the streets and destroys the village. It resembles an inferno. During this vision, the visionary feels the fire burning on her skin. It is an urgent warning of an impending event. A large bird flies over the burning village and lingers in one place in the air as if it were hunting. The bird has its target firmly in its sights.

The weeping Mother of God enters the picture and holds the rosary in her hand again. She asks for prayers and gives the prayer group a new prayer assignment. She asks that the prayer group observes the following order of prayers during the rest period of Lent as innocent human lives are at stake:

- 1) Opening prayer and Attunement for Peace
- 2) Psalms and Gospel of the day
- 3) Three Holy Rosaries (Psalter)
- 4) One Prayer for Peace

Maria points out that the order should be followed precisely and that everything should be kept in its original wording - no deviations, no additional requests. Through this, the prayers achieve their full power which is particularly important these days.

This new prayer request serves primarily to protect Iran and Yemen which is why the purity of prayer is of great importance. Those praying may convey all other concerns and wishes to her at any time, but this has to be done silently, not during the prayer session. She informs the visionary that she hears every prayer of each individual.

In addition to the new prayer assignment, the Blessed Mother asks that those praying may at the beginning be at peace and unite with her in their hearts. The people may entrust the peace of the world to her as their heavenly Mother.

Mary thanks everyone and points out that she loves all people very much. She knows that many believers can briefly perceive her because she sends them signs. She wants people to know that these signs are not the product of their imagination. Mary can make herself known in many different ways - dreams, small movements of the sun, her face in the clouds, a touch on the shoulder and much more.

As soon as a feeling of peace and love spreads, one can trust that it was the Blessed Mother who had left a loving sign of her presence. With these words, she bids farewell.

In the name of the Father and of the Son and of the Holy Spirit

Amen

#184.1 MESSAGE FROM MARCH 12 2025 JESUS CHRIST “NO SHEDDING OF INNOCENT BLOOD!”

The visionary Sandra woke up at around 2.30 a.m. and lay down again

.

Half asleep, she saw Jesus coming towards her, just like in the picture of St Faustina Kowalska.

The background was dark and His dress was the same colour as in the picture, only He had no rays.

The visionary saw Him at a slight angle from the side and was to His left.

Jesus stretched out His left hand and held it out to her. She sensed that Jesus was reaching out his hand to all people in Germany in a figurative sense, especially the decision-makers in politics.

At the same time, she heard a sentence in English that came telepathically from Jesus.

"No shedding of innocent blood!"

The sentence referred to Germany and a possible involvement in the war against Russia.

Jesus does not want any more shedding of innocent blood.

It is a warning against wrong decisions and a call to politicians not to endanger their own people.

In the next moment, the visionary reaches out her hand to His and the moment their fingers touch, the scene and perspective change.

She looks down at herself and sees Jesus' robe and His feet as if she were in His body.

As she pondered the possible meaning, this reminded her of Mary's message to Melanie that if everyone acted and was like Jesus, there would be no wars.

The vision ended with this scene.

#184 MESSAGE FROM MARCH 20 2025
JESUS CHRIST “WAR IS COMING TO GERMANY”

“The war is coming soon. Prepare yourselves, My children.

War is coming to Germany. I want to prepare you.

Hard times are coming to Germany. The times are getting harder.” Jesus speaks to the visionary Melanie. Jesus asks the people to move closer together.

It seems as if people’s confidence dwindles from time to time in these difficult times.

But Jesus explains that those who are in a conscious and strong divine connection and radiate much light through their strong faith (and a lot of prayer, for example) are wisely placed where they are. They can thus radiate confidence and stand by their fellow human beings in this way.

Jesus makes the sign of the cross over the visionary and thanks the prayer group for their daily prayers and all those who pray regularly; who sacrifice their time and energy to contribute to peace. He emphasized that the importance of prayer has largely been lost and that it is often underestimated what prayer can achieve.

He especially thanks those who have recognized the power of prayer and who are accordingly working for peace in this way.

Jesus blesses everyone: ***“In the name of the Father and of the Son and of the Holy Spirit. Go in peace.”***

#183 MESSAGE FROM MARCH 19, 2025 JESUS CHRIST “WHAT IS IN YOUR HEARTS?”

The visionary Melanie sits praying in the church. Jesus approaches her from the altar, touches her gently on the shoulder and begins to show her inner images.

The visionary sees herself standing next to Jesus at the front of the altar during a mass. She observes how the hearts of those attending the service open up to Jesus. Hearts literally fly to Him. People put their hope in Him.

Jesus calls Melanie: **“Come.”** She answers Him: “Yes Lord, where are we going?” **“Outside.”**

As if merged with Jesus, the visionary sees everything through His eyes. She walks through the city and He shows her what He sees in people, how He perceives them: He looks at their hearts. Every single heart.

She sees hearts that are open and hearts that are closed. Big and small hearts. Some radiate warmth and some coldness. Some are connected to the mind. Jesus shows her whether someone thinks with their head or with their heart.

For example, she sees a crown of thorns on one person's head, which for the seer is a symbol of sacrifice made out of love for others - someone who sacrifices something of themselves in order to help others.

Jesus also shows her what influences people's thinking:

- Is someone generous?
- Do they only care about money?
- Does someone want to cheat in order to enrich themselves?
- Do they only ask themselves how much time they have left to complete their tasks?
- Does someone worship money as a false idol, as if it were their god?
- Does someone only want to gain an advantage for themselves?
- Is faith or God an issue?

Through these experiences, Jesus shows the visionary how He looks at people on a soul level. He asks her: **“What do you notice?”**

At the end, Jesus thanks the visionary and warns: **“It will start soon.”**

The visionary then sees an extremely familiar image - her feet standing in the water on the beach. The water is rising.

She sees a bomb falling from an airplane. **“It will start soon,”** Jesus repeats. The visionary associates this with warnings of flooding for England.

Then He takes His leave.

#182 MESSAGE FROM MARCH 18, 2025 JESUS CHRIST “A TORPEDO UP CLOSE”

The visionary Melanie is given a vision by Jesus while she is half asleep.

A kind of long bomb or torpedo comes towards her as if it were falling towards her. In her mind's eye, it passes by very slowly so that she can see the projectile in its entirety. It is white, rounded at the front and then goes straight on. One part is set off like a tube around it, like an additional layer of metal. There are four small wings on it. The projectile tapers towards the back. A small propeller is indicated at the end, similar to a small ship's propeller, to enable it to move under water.

In the next image, the visionary sees herself standing on a beach with the seer Steve from her team. They are looking at the sea from there. The water builds up into a tidal wave. It sloshes towards them, floods their feet and the entire beach up to chest height and then flows away again. A slight high tide remains, as their feet are still covered in water.

The military projectile can still be seen several times.

#181 MESSAGE FROM MARCH 17, 2025

THE BLESSED VIRGIN MARY “YEMEN IS BECOMING A CONFLAGRATION”

+++ Trump brings chaos / the Antichrist lures with money and slowly rises / wars enable the rise of the Antichrist

Rise of the Antichrist / Yemen becomes a conflagration +++

The Blessed Virgin Mary appears to Melanie during the group's prayer evening for peace. She radiates great power and purity. She begins to transmit visions to the visionary.

At first, she sees Donald Trump who is puffing himself up and making big speeches. He talks big, but he will bring a certain amount of chaos to America, Mary announces.

Mary seems to be standing in front of Trump because he bends down before her and kneels reverently as if he is talking to her. She holds out a Bible to him, inviting him to speak.

The image changes and a wolf becomes visible (the visionary interprets the wolf as a symbol of the Antichrist). The image seems to be something out of the comic strip from the fairy tale “The Little Red Riding Hood.” He walks on two legs and makes a motion with his paw as if inviting people to come closer. He moves backwards as if trying to entice people to follow him. It's all about the lure of money, fame and power. But the wolf doesn't keep his promises.

He wants to cause confusion. Mary warns her sheep to be careful. The wolf will soon set his traps. The visionary looks at him twice. For a fraction of a second, the Saudi prince (Mohammed Bin Salman) becomes visible. He has a nasty and hypocritical laugh. As if standing on a pedestal, he slowly ascends. He, the Antichrist, is slowly lifted into the position he aspires to.

He shakes hands with various people, networks and makes political agreements. He has an incredible amount of money at his disposal and can therefore easily move in the highest circles. He uses this money to lure other people, just as Mary demonstrated earlier.

The Antichrist appears to be standing on a pedestal that spirals upwards. He climbs higher and higher on a column that revolves around itself - he shakes hands here and smiles there. Slowly he ascends. He has his plan and he knows what he has to do to carry it out. He seems so charming and uses his contacts to his advantage. All of this serves his preparation.

At a certain point, the column snaps into place. He is now in the position he was aiming for. From this moment on, the expression in his eyes changes. Only now that he has reached the desired position does the color of his eyes change. They glow a poisonous green - for the visionary this means that he is beginning to use his black magic. Now he can unleash his full dark power. He will do everything he can to manipulate and deceive mankind and cover them with shadows. This is depicted as a dark cloud of magic that surrounds him as well as the image of a goat's skull with horns.

Mary appears again; she looks somewhat sad. It is about wars. These are wars that make the rise of the Antichrist possible.

The inner image of a white jet in Yemen comes to mind. “This is just the beginning,” Mary warns. It will end in fiasco. Mary asks America to take a step back and enter into negotiations. This fire will continue to spread and extend further to Europe comparable to a forest fire that spreads with menacing ease. She warns that the conflict situation there will continue to escalate and will not end well. America is acting out of self-interest, but is being portrayed to the outside world as a heroic act. This is not true, says Mary.

This is where the public part of the apparition ends.

#180 MESSAGE FROM MARCH 12, 2025

THE BLESSED MOTHER “ADMONITION TO STEADFASTNESS”

The Blessed Mother appears to the visionary Melanie.

The visionary senses that today's message is about “the wolf”. The Blessed Mother is very sad and there is a warning, an admonition in her gaze.

Our Lady shows the visionary Melanie a picture in her mind of the visionary Bernadette from Lourdes. Bernadette showed unconditional steadfastness. She allowed herself neither to be influenced, nor deterred, nor intimidated. She endured all the insults and threats and literally did not allow herself to be moved an inch. Mary lets Melanie feel Bernadette's pure heart - it moves her to tears.

Our Lady wants to prepare people for the fact that precisely this steadfastness will be needed in the times to come. Bernadette can serve as a role model.

The vision now shifts to England. Mother Mary appears in the sky with a halo of stars.

This glows brightly, creating an awe-inspiring atmosphere. The visionary feels the need to prostrate herself before Mary.

The image changes to a fountain of water in the sea where a large, heavy bomb has exploded.

The bomb shown produces a great deal of energy and a certain pressure wave emanates from it.

The fountain looks incredibly wide and consists of water and smoke. The sight of this bomb makes the visionary cry, as she has done many times before.

Suddenly, the Blessed Mother stands in front of the water fountain with her entire body exposed and her hands pointing downwards.

Fighter jets fly past behind the Blessed Mother. Shortly thereafter, an English and a Russian flag appear as images in the sky.

Finally, the visionary receives insights and guidance from Mary regarding her task. Afterwards, the apparition ends.

#179 MESSAGE FROM MARCH 9, 2025

THE BLESSED MOTHER “THE FINAL BATTLE IS APPROACHING”

The Blessed Mother Mary appears to the visionary Melanie over several days and conveys brief prophetic visions. The visionary sees herself standing with her feet on the beach. A large quantity of dead fish washes up in front of the visionary's feet. There is something wrong with the seawater.

Something in it has caused the fish to die.

Further away on the horizon, a large ship is sailing on the sea.

In many individual visions, images of a small white bomb rotating on its axis as it falls, recurred. Likewise images of a detonating nuclear bomb and a high column of smoke on the sea which also appears to be caused by a bomb. It is surrounded by fire.

The Blessed Mother also repeatedly shows the visionary the image of a relatively long white bomb which is not completely straight. There are white metal wings at its end. It is falling from the sky or has been dropped.

In a vision, Our Lady suddenly warns of “The wolf - the wolf that wants to tear the sheep.” In contrast, Mary shows the visionary an almost unmanageable host of angels. She warns that “the final battle is approaching” and explains that it is a spiritual battle of “good against evil”. The Blessed Mother asks her flock to remain steadfast.

Then the image changes to a satellite circling in space; again and again. The perspective changes to a series of satellites that are lined up almost like a chain. They fall from the sky in rows. One of the satellites catches fire. The association with Elon Musk and “Starlink” arises.

The focus shifts from the satellites to the stars and a UFO emerges from the starry sky. Its size is immense.

The Blessed Mother shows the visionary an alien in her mind that emerges from the UFO. The visionary tries to absorb more information. It then appears as if the alien is pulling a mask off its face, revealing a goat's skull. Is this a hint of a satanic background for these beings?

They join together and move in a large group as if in unison (reminiscent of a scene from the movie “Avatar”) - but a unison that forebodes evil.

One of the beings takes the visionary with him for a while and it is noticeable that he is trying to lead her (i.e. humanity in a figurative sense) behind the light. Again, Our Lady tells her that these beings will physically encounter humans.

In this case, Mary asks them to remain calm. “They only have the power you give them. They are illusions, shadows. If you recognize them for what they are, they cannot harm you.”

#178 MESSAGE FROM MARCH 8, 2025 THE BLESSED MOTHER “THE DISTRESS IS INTENSIFYING”

As the visionary sits in the kitchen and looks out of the window, she suddenly sees the Saudi prince (Bin Salman) in her mind's eye. At first, all she could see was his face with a fake grin. But at some point he looks directly at the visionary.

Two days earlier, Mary had appeared briefly in daily situations to announce a major change. Afterwards, she stopped for a moment as if in prayer.

Later that day, Mary, the Mother of God, appears to the visionary. Mary's face appears enlarged in front of the visionary. White lilies are spread out in front of the Blessed Mother.

She says: “**The distress is now intensifying**”. It feels unpleasant. The energy feels denser as if a scarf is wrapped around one and tightens more and more, making one feel constricted and less able to breathe. “**It's coming soon,**” Maria warns her flock. For a while, man will find shelter in churches and in buildings that have been erected specifically to provide shelter. It seems to be about persecution of Christians, among other things.

Mary says there will be great tribulation. People will be afraid and this fear will make them controllable. Fear will cause them to do things that are not good for them. Lies will become more prevalent. Even lies related to the body. It will involve implanting something mechanical or technical into the body.

People will be herded together like a flock of sheep. Things will be forced on them if they don't submit. Cruelty will take hold; according to the motto: “Eat or die.” “Die” is to be understood literally here. A tyranny will be established.

Mary warns against anything implanted, against chips or similar devices and against allowing any physical changes. She calls on people to resist this and not to submit. There will be a different form of rule that will prevail in the world at that time. The preparations have already begun. The start of this rule will soon be initiated. We must not be deceived, she warns. For there will be many things that can deceive us. All possible levers will be set in motion to lead people in the wrong direction. (As an example of such a “lever”, the seer mentions the predicted new pandemic which was prophesied to be artificially created). It will be a reign of lies and destruction.

Mary warns us not to be misled by manipulations of the most serious kind. The power elites seem to be involved in this. Also “provocations” (or irritation/manipulation of people) through e.g. bombing or wars, the suppression of peace efforts and misleading media and reporting are part of it, she explains. It is built on lies, or at least much of it.

Mary encourages us to be aware of the places of refuge. People will seek refuge so as not to submit when the noose is soon tightened. It also has to do with a war that will prevail.

#177 MESSAGE FROM FEBRUARY 28, 2025 ARCANGEL MICHAEL “TRUST AND FAITH IN GOD”

Archangel Michael appears, accompanied by angel songs.

“I can guide you,” he tells the seer. ***“Ask me for protection.”***

He has a strong charisma. He radiates strength and clarity and communicates very directly.

He says: ***“I fight for your freedom. I fight for your truth. Call me when you feel threatened.”***

He says this in relation to the announcement of the alien issue. People can call him to defend themselves at this time.

Archangel Michael continues:

“I accompany the transformation of humanity.” At this point he issues a warning to make wise political decisions in relation to wars.

“I can support peace. I can be involved in political decisions. I can stand by anyone who calls me to bring about a positive change.

I will not tire and I never lose my strength, no matter how many call me.

Do not be irritated by the upheavals that are taking place and that are about to happen.”

It feels like everything is being whirled up again. It conveys the image of a pond - when the old leaves and everything that has accumulated on the bottom is stirred up. Everything that has settled there is stirred up and all the water in the pond looks very dirty.

The leaves, branches etc. swirl around in the water. It doesn't look nice and one feels the need to clean and clear the pond.

The good thing about this is that the dirt becomes visible and one can fish it out and clean it. If one can't see the dirt because it's on the floor, then it is harder or impossible to remove it.

He says: ***“Remain confident in God. The most important thing is to remain confident in God.***

I can strengthen your trust. I am happy to help. I am happy to help resolve fears. And to work in unhappy interpersonal relationships.

To clear up the fearful connections between people. Where the interaction is not based on love, but on fear, that's where I can intervene.

I can help you find a courageous outlook for the future and remain steadfast.

Steadfastness is what is needed now. It needs those who let their light shine!”

He is referring to the image of the oil lamps from the Bible. It is about keeping the lamps burning. Symbolically speaking, he recommends keeping the oil lamps burning.

St Michael says, he can classify future scenarios that are frightening, that one may have picked up from somewhere, that were perhaps prophesied. He says that he offers guidance to the seer's prayer group.

He shows himself raising his sword in front of him to the sky. It means “Go ahead!” and conveys the feeling of awakening, energy and courage.

“I can bring you the security and stability you need for these turbulent times. I want to give you hope and give you advice on how to get through these difficult times. I want you to be able to keep your inner peace. That you focus on the things that give you hope and courage, that give you a positive outlook.”

“There is good and evil on earth. And you have the choice to align yourselves with one or the other. I would like to come again to bring you even more precise guidance, so that you remain in love, so that you remain at peace. It is very important to continue to support peace through your prayers. I want to get you through these turbulent times, your group and of course, all people.”

He offers his concrete help for the group and requests: ***“Pass on my words to the group.”***

And he would like to come back to provide support. He says goodbye for today and blesses everyone present.

#176 MESSAGE FROM FEBRUARY 15, 2025

JESUS CHRIST “WARNING TO USA - NO INTERFERENCE IN THE GAZA STRIP”

Jesus Christ appears to the visionary Melanie and He begins to transmit inner images to her.

In the first image, she sees London and the London Bridge. A huge wave is approaching the bridge and the image freezes as the wave hovers halfway over the bridge. The seer interprets this as a recurring warning of possible flooding for England especially London.

The image changes and the seer sees the Gaza Strip.

Numerous American soldiers march in there. But she senses that this military operation will not bring peace. She receives a warning to America not to interfere in the conflict, as interference would only fuel the conflict.

The bald eagle appears in the next picture. At first, it flies alone, but then it begins to multiply - to the left, right, above and below. In the end, the sky is covered by a carpet of duplicated bald eagles, neatly spaced out.

A flock of eagles swing in a wave towards the earth, forming itself into a giant bald eagle that heads towards the earth, talons first and full of energy in an attack flight. It stops in mid-air and shoots smaller eagles out of the flock like a hail of bombs towards the earth. It is reminiscent of an air raid.

The image changes one last time. The seer is still in the Gaza Strip. She sees large flaming bullets flying in groups of three in an arc and exploding.

The landscape reminds her of a mining area where drilling is taking place. She sees a large excavated area and heavy machinery with huge tires.

This is where the vision ends.

#175 MESSAGE FROM FEBRUARY 8, 2025 THE BLESSED VIRGIN MARY “THE PANDEMIC - EARLIER THAN EXPECTED”

Mary, the Mother of God, appears to the seer Melanie with a white veil in her dark hair and a white dress with a blue belt. She looks down reverently and depressed but at the same time she radiates something very warm and tender. She looks sad and her heart feels heavy.

The seer suddenly feels a strange sensation in her throat. It feels as if she has a lump in her throat, she coughs and has the oppressive feeling of not being able to breathe. Mary says the following: ***“Take care of yourself! It's going to start soon.”***

It is an announcement from Mary, not just a warning.

The seer associates this with a pandemic - with a virus that is transmitted through the air.

The seer has to cough again and again and senses what this illness will feel like. Mary warns urgently: ***“There will be great distress, there will be great affliction.”*** Great distress and sorrow will come upon people.

They will have to wear masks again. Shortness of breath and pressure on the bronchi and chest can be accompanied by a feeling of suffocation. This disease attacks the respiratory tract very severely and causes great fear in people. This disease will be significantly more dangerous and worse than the pandemic a few years ago.

Mary explains that this disease is being artificially created and that there is a malicious intention behind it. It is terrifying. The danger and effect of this disease are exactly what is intended. Many people will die from it. The situation will be very threatening. Mary wants us to prepare for this and tells the seer to communicate this.

Mary corrects the time period that the seer had received in the last message about the pandemic that would attack the respiratory tract (see message #138 of 25.07.2024). The seer incorrectly said the years 2026 - 2028

Mary sets the record straight and warns: ***“It will begin earlier than expected.”*** Mary gives the seer the feeling that this disease will already break out this year: 2025.

Now another image appears: cows. This means that it is about food and food shortages in Germany. Sometimes there will be nothing to eat but bread. The population must prepare. For example, being able to bake bread.

The disease will occur globally, but the warning is (also) for Germany. Mary says: ***“It will come sooner than expected. It will be a great torment, a great scourge.”*** It seems like a punishment. Mary says that it is a kind of punishment for the German people because of their way of life. Let them reconsider their values and their warmongering. The seer sees the image of a judge with a large hammer in her mind's eye - like a court verdict. Mary warns that God's judgment will come down on Germany like a hammer. It serves to purify and it is a just judgment and also a just punishment.

But she still wants to warn everyone so that each person can prepare. It is going to be bad enough. The punishment and the just judgment will be bad enough. It will affect those who are guilty. It will hit “the right ones,” so to speak. This is where the apparition ends.

#174 MESSAGE FROM JANUARY 31, 2025

JESUS CHRIST “UFO OVER NEW YORK”

Jesus appears to the visionary Melanie. In inner images, Jesus shows her various stages of the severe abuse that He had to endure. First, she sees Him standing in front of her. Jesus wears the crown of thorns on His head and large rivulets of blood flow down His face. A moving sight.

Jesus now shows the visionary Himself and allows her to mentally trace small parts of His suffering. It feels as if she is wearing the crown of thorns on her head. It is as if the blood is flowing down her face. There are bleeding wounds on her hands. Blood is mentally dripping down her whole body. A feeling that leaves one speechless.

She feels Jesus being punched in the face and at the same time she feels the punch on her own face. Someone stands in front of her and punches her in the face. A bruise forms around her eye.

Then Jesus carries the cross on his back and tries to move forward. But he has to kneel down. He collapses under it. It is immensely agonizing to watch. More and more scenes emerge around His suffering. He shows how he was whipped.

The next scene involves America. Jesus again shows New York City with its many people, the skyscrapers, the yellow cabs and the street intersections. At the very end of the street, on the horizon, one can look up at the sky as if through a gap between the skyscrapers. And there, a small corner of a UFO flashes through the clouds in the sky.

Suddenly, an invisible shock wave sweeps across the wide main street and through the entire city. It's not an earthquake or an explosion. It is an attack. This type of attack seems to be new and is difficult to describe. People run away in panic.

From the underside of the UFO, a tubular, transparent light shines on the earth, seemingly triggering the attack on New York. This time it can be seen more clearly and in greater detail than in the previous vision, as if from the perspective of a passer-by witnessing all this on the streets of New York.

This is where the apparition ends.

#173 MESSAGE FROM JANUARY 25, 2025

“FLOODS IN DUBLIN AND LONDON”

Today's vision in half-sleep begins with a detonating nuclear bomb which had already appeared several times in the mind's eye of the seer Melanie in recent weeks.

The vision suddenly switches to Dublin, Ireland. The river that flows through Dublin's city center, the Liffey, can be seen. The city seems lively, but the people seem unsuspecting. Suddenly, a huge tidal wave breaks over the Liffey and floods hit Dublin.

Shortly afterwards, another UFO appears hovering over the city. Dublin is haunted by this UFO and a yellow beam, a tube-like sphere of yellowish light descends. It seems to be a kind of laser. Where it hits, wildfires, large explosions and fires flare up.

Now the picture switches to London, England. The skyline and the Thames can be seen. The same thing happens there as in Dublin. A huge wave of water breaks over the city through the Thames and London is flooded. Terrifying and poignant images.

This very specific type of explosion and fire also occurs there, just like the UFO in Dublin shortly before. These appear to be attacks. The images of massive flooding are repeated again and again.

This is where the vision ends.

#172 MESSAGE FROM JANUARY 12, 2025

JESUS CHRIST “TIME IS RUNNING OUT FOR ENGLAND”

This message is very sad and aching.

During the group's prayer meeting, Jesus appears and allows the seer Melanie to see a very clear image of the sea in which a nuclear explosion has taken place. It is probably a nuclear bomb because it suddenly lights up with a colorful glow and forms the typical specific mushroom cloud shape known from nuclear bomb tests. The sight is shocking beyond measure. The seer cries throughout the apparition.

After the seer had seen the atomic detonation, the vision suddenly shifted to her.

She sits upright, more or less leaning against a wall.

Her head suddenly tilts back and she feels as if she is hanging on the cross. Jesus shows her how He was hanging on the cross, so to speak, what His dying process was like just before He died.

He is so deepened, so weakened and waiting for death, full of agony. He looks up to the sky.

There are crows circling above the cross.

Then a Roman soldier appears. He has a lance in his hand and stabs Jesus' heart with it.

The seer feels that the lance is also being thrust into her heart. She shares in this deep and terrible grief.

Jesus then mentally leads the seer's perception back to the war. A silver bomb can be seen repeatedly falling into the water, spinning rapidly around itself. The energy released by the explosion creates a gigantic pressure wave that sets the masses of water in circular motion.

The effects are catastrophic. Ships are hurled away by the high water fountain and various coasts are flooded.

It is a warning to England.

Someone is in Buckingham Palace and is looking out of a window towards the sea.

A kind of wax seal appears. A letter forms around it. The wax seal indicates that it is a letter from the King of England.

The seal has a special embossing. It only appears briefly so that it is not clearly visible.

A week earlier, the seer received a terrible vision in a dream. She observes the events from the eyes of a strange woman.

This woman is standing in her apartment and washing the dishes. The sink is at a window so that she can look out. Suddenly, a shock wave, as if from an explosion, comes through the window towards her.

She is knocked to the ground and dies lying there bleeding on the kitchen floor. The husband, who later comes into the kitchen, finds her dead.

The seer had to witness the explosion and the floods from the perspective of other people.

It affects large areas of land. The floods have terrible consequences.

It is a warning to England. The English Channel, South-East England and London can be seen.

An airplane flies over southern England - over the lower right corner - more over the water than over the land.

Russian fighter jets fly over the south of England and drop this bomb. Once again, the nuclear glow can be seen above the surface of the sea.

An extremely threatening blast wave comes towards the seer. It represents a catastrophic disaster. The pain and deep sadness are almost unbearable. A large circle forms around the area where the bomb hits. The flooding goes all the way inland. The whole right corner of southern England is affected. As the water wave spreads in a circle, it reaches other parts of England, France, Germany and Belgium through the English Channel.

These are all warnings that also reach out to King Charles III and the British Prime Minister.

Prayer for mitigation of England, Jesus admonishes.

Time is now running out. It is a warning that time is running out for England. This catastrophe would also destroy the beautiful traditions of the English people, the royal traditions and the core and center that makes England special in the world.

It would be wise to heed the warnings, Jesus emphasizes. It can apparently be averted or mitigated. Heavenly protection can be established. But this would also involve changing political decisions.

“Go in peace, My children.”

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#171 MESSAGE FROM JANUARY 9, 2025

JESUS CHRIST “GREAT STAGING AND THE MARK OF THE BEAST”

Jesus has been present since the beginning of the prayer meeting. The various images that He transmits today are very much about celestial bodies right from the start. Stars, comets and a celestial body with a long white tail.

A kind of burning rock or stone appears again and again, falling from the sky and passing over the surface of the water. It does not fall directly into the water. It leaves a trail of fire and flies a path into the water. The meteor, which more or less falls or flies over the lake, triggers floods that engulf the houses on the shore. From the earth, one can see how the comet enters the atmosphere with its tail and flies through the air like a burning missile, soon to hit somewhere. It is not yet possible to see exactly where. It leaves a burning trail in the air for a few seconds.

Another picture shows the starry night from earth. Suddenly a few of these stars emerge. It becomes clear that these objects cannot be stars, even if they initially appeared to be. First, strange lights flash, then one realizes that it is a UFO with colorful lights on the underside that is slowly descending to earth. A cone of light emanates from the UFO towards the earth. A disturbing sight for the seer.

One gets the feeling that the UFOs are a big production designed to make as much of an impression as possible. This staged event is intended to draw everyone's attention to the “visitation” by extraterrestrial visitors. Jesus repeats that this is a set-up. It seems to be crucial that every citizen on earth realizes what is at stake. Obviously, the “visitation” should be as dramatic as possible. This event should attract attention.

Jesus warns urgently against this.

The feeling arises that the events surrounding the “aliens” could be connected to those of the comet. Now a large spaceship becomes visible.

Its color is black, partially offset with colored lights. The radiation emanating from this spaceship is extremely negative, frightening and threatening. The seer gets a big lump in her throat at the sight of it. There is an indescribable evilness emanating from this UFO.

It is also extremely large; so large that its surface area covers an entire city.

A yellow cab drives past skyscrapers - to be understood as a reference to the city of New York.

The huge spaceship hovers menacingly over the cosmopolitan city. It seems to be the source of an attack, even if it is not yet clear exactly what it looks like. But something seems to be happening because all the people are running away. One feels like being transported into a film. Jesus takes another look at what is happening. The spaceship seems to emit pressure waves that cause a tremor. Again, it feels like an attack.

Now more cities appear with spaceships hovering above them: Dublin, Mexico City, Berlin.

It will affect many countries and capitals, Jesus predicts. It will be an enormous staging.

Everyone around the world will be aware of it. There is hostility emanating from the aliens, who will also be visible.

They will not come in peace. These events will turn the world upside down.

The mark of the beast

Several spaceships now join together and send each other red laser beams. These lasers form a sign which makes it clear that Jesus now wants to speak about the dark adversary. He tells the seer that it is about the mark of the beast. The atmosphere changes abruptly. It is more than oppressive.

The seer feels as if something is being punched into the palm of her right hand. She is overcome with feelings of disgust and horror.

Jesus repeats the words from the Book of Revelation that it will only be possible to buy and sell with the mark of the beast. The horrible feeling that accompanies the mark of the beast and the corresponding period of human history is indescribable. It goes beyond fear and cruelty.

The mark causes total dehumanization, total perversion, total mockery of creation when people wear it. The coldness and cruelty are terrible and cannot be described in words.

Man will also try to merge a human being and a machine. The seer has the feeling that something has happened to her eyes (as part of the vision). It is as if she has a mechanical retina (comparable to the movie "The Terminator"). It means that the human being or parts of the human being themselves become mechanical, as if it were also a matter of connecting the human body to the Internet. One is then no longer human, but disconnected from being human - disconnected from human feelings and others, from life and from conscience. One then resembles a robot, completely numb.

Jesus' confidence

Jesus spiritually leads the seer to a higher point from where one can see over a wide area. He puts one arm around her and holds her sideways. He looks at her and says:

"You don't have to be afraid. You never have to be afraid again because I am with you. Once you have understood and internalized this, your life will become easier. Everyone who feels that they belong to Me can claim the same for themselves. Despite all the scary news, predictions and warnings, know that I'll get My sheep to dry land and that they are always safe in Me."

I ask you to stay in your midst now! Perhaps you could practise 'switching off' your head and not taking every thought you think too seriously. Perhaps you also want to learn not to rush so far into the future with your thoughts. Because if they are not good or loving thoughts, they won't help you."

There are many among you who imagine, calculate, analyze how, what, when, something could happen on the basis of various prophecies."

I assure them that everything is going according to God's plan. Trust! This applies in particular to people who are very concerned with the future. To them I want to say that racing thoughts is also a form of control, because they think they already know and have thought through every detail before it happens."

Please realize that your power is finite, that you only have a certain amount of leeway and that God is the one who controls everything."

God is the highest power that controls the destiny of the world. You can entrust yourselves to this power and submit to it. That makes it easier for you. The way things are going is right."

The processes will be perfect and correspond to divine order. Everything follows God's perfect plan. There is so much precision and perfection in it that the human mind cannot imagine."

You can let yourselves fall into the feeling of trust."

This is where the apparition ends.

In the name of the Father and of the Son and of the Holy Spirit. Amen.

#170 MESSAGE FROM JANUARY 6, 2025

THE BLESSED VIRGIN MARY “IN THE STABLE OF BETHLEHEM”

The Blessed Mother appears to the visionary Melanie.

Stars can be seen arranged in a circle around Mary's head followed by a huge and glistening sun. Mary also shows the visionary a dancing sun reminiscent of the Miracle of the Sun in Fatima. Mary thus indicates that these and other famous miracles happened through her.

Mary shows the visionary the image of the stable in Bethlehem in which she stands as a very young woman with the newborn baby Jesus.

Full of love and completely moved, she holds the baby Jesus in her arms. A small family has been born.

One can also see the three Magi arriving at the stable in Bethlehem to see the miraculous event.

The visionary hears the words: “A little child is born unto you.” She says that her son is her greatest miracle.

The vision changes.

As in a previous message, several extraordinarily large tornadoes swirl through a rocky, wide landscape. The landscape is reminiscent of America.

In the next sequence, a kind of burning meteor falls from the sky. This is also a familiar image from previous visions.

The burning meteor crashes into a lake, on the shore of which there are houses and where flood resulted.

The visionary interprets this image as a warning involving a threat. Mary wants to draw attention to the danger of flooding.

At parting, Mary shows herself to the visionary with a braided wreath of red roses on her head.

#169 MESSAGE FROM JANUARY 1, 2025 JESUS CHRIST “DO NOT BE DECEIVED”

+++ Russian attack / Worldwide UFO sightings / Deceptions by shadow beings / Practical advice from Jesus +++

Jesus appears to the seer Melanie. She verifies the authenticity of His appearance with the holy water.

Jesus shows her a little lamb standing next to Him. The lamb has a red heart with a golden crown around it and is holding a small sceptre.

Various images now follow. First, the vision of a **bomb** being dropped over the water and **spinning as it falls** is repeated several times.

Furthermore, a bear stands together with other animals in a V-formation. The seer perceives this as an image of Russia and its allies at war, who are dropping the bomb previously depicted.

Now the night sky appears with the flashing lights of a UFO.

A large, pointed object then appears which looks like a burning rock. It seems like many rocket projectiles flying towards the sea at once with lots of fire, smoke and energy.

Exact words from Jesus

Jesus asks the visionary to pass on His words to the members of the prayer group and subsequently to the public:

“I love you very much. I want to prepare you. Open yourselves to the influx of My love. Open your hearts so that I can relieve you from all burdens. Shine for Me, My children. Shine in My love. Let your trust in me be the basis and foundation of your lives and decisions.

Do not despair and do not look back, but do not look too far ahead either” says Jesus.

“But I want to tell you, My children, there will come a time when you will need Me, when you will be treated with hostility for being My children. Several of you, a few among the people, some of you will lose your lives in defense of your faith. These pure souls follow Me and already know it. Some others also walk and take difficult paths. And so each of you carries your own cross.

But do not despair, My children, walk this path with Me with trust and bear your cross with composure.

Let Me strengthen you, My children, so that you may find your way back to peace. In the peace of the Father.

Thank you for supporting peace, the peace on earth. Thank you for faithfully following Me. Thank you for your fellowship.

Thank you for your strong faith which can become an example for others.

Go in peace.”

The seer records the rest of the apparition again without passing it on to the group. The image of the bomb hurtling down from the sky repeats itself.

Jesus asks the visionary: ***“Look at the stars, child.”***

The seer imagines the night sky. In her mind's eye, small flying saucers scurry past at lightning speed.

A kind of “UFO mothership” then appears which has a round flap on its belly. A beam in violet and yellow colors emerges from this flap.

It looks like a sphere. One can see the spaceship flying through the cloud cover. It poses a threat. It seems to be visible to people.

The atmosphere is oppressive and **not peaceful**. These sightings cause great tension and fear in people. It is an event of **global significance**.

The seer sees this kind of spaceship hovering over an American city. There is an impression that there will be sightings of this kind not only in America, but all over the world. The presence of the UFOs seems to be spreading to different cities around the world. The seer feels a tremor triggered by the shadow beings and sees inner images of natural disasters. An indication of physical attacks?

In the last vision on this subject, it was already said that these are **deceptions** and not aliens in that sense. They are hostile attacks by malevolent shadow beings. Jesus now shows a kind of spirit being that has black eyes and a black soul.

He repeats His admonition: **“Do not be deceived!”**

Jesus explains that it is like a performance. It gives the seer the feeling of a play. Jesus continues to show her a picture of the horned man.

A satanic, red goat's head with rams' horns which conveys the feeling that the performance is about satanic machination.

How can I protect myself?

Jesus gives practical suggestions on what can help against the dark spiritual beings in this situation:

→ Prayers

E.g. praying the rosary. This will make them lose their power.

People who are firm in their faith will be able to identify them as such.

The deception will not be able to have the intended effect on them.

→ Ask Jesus for help immediately

Jesus says that if someone comes into contact with it in any way, they should turn to Him immediately. Jesus says that people should strengthen their faith by carrying small pictures of Him with them in order to make this bond with Jesus quickly. Other possibilities for the establishment of immediate connection with Jesus against fear can also be used.

→ Blessing

For those who are not familiar with Jesus, however, are deceived. Jesus warns that the supposed aliens become stronger through fear.

→ Holy water

Jesus advises having **holy water, consecrated candles, rosaries, a Bible** and a **cross** at home for this time.

It shows a family being visited by such an evil being. The family is praying. One can see a candle. While praying, a kind of light wall or light shield forms around them. This means that the Darkness cannot penetrate them during prayer.

→ Host

Jesus emphasizes that the faithful should strengthen themselves with the sacraments, especially the host.

Jesus says goodbye with the words: ***“Time is running out.”***

The vision ends here.

In the name of the Father and of the Son and of the Holy Spirit. Amen.
